

ORISSA FORESTRY SECTOR DEVELOPMENT PROJECT
SFTRI Campus, Ghatikia,
Bhubaneswar-751 003

Letter 1152

dated 21.04.2010

Invitation for proposal for conducting Household level Socio-Economic Survey

The Orissa Forestry Sector Development Project (OFSDP) invites proposals from Central/State Government Research Departments/Agencies, Autonomous Research Organisations and other reputed organisations, for conducting the above survey.

Application form and other details can be downloaded from the website www.ofsdp.org from 22nd April, 2010 onwards.

Filled up application along with a non refundable bank draft for Rs 2000/- drawn in favour of Project Director OFSDP and payable at Bhubaneswar should reach the office of the Project Director, Orissa Forestry Sector Development Project, SFTRI, Ghatikia, Bhubaneswar latest by 3:00 PM (IST) of dated 07th May 2010.

Deputy Project Director (MP/M&E)

Terms of Proposal
FOR HOUSEHOLD LEVEL SOCIO-ECONOMIC
SURVEY (Phase-2)

**Orissa Forestry Sector Development Project
Ghatikia, Bhubaneswar**

Prepared By
Orissa Forestry Sector Development Project (OFSDP)
SFTRI Campus, Ghatikia,
Bhubaneswar-751003
ORISSA

Terms of Reference (TOR)

A. Background:

The Orissa Forestry Sector Development Project (OFSDP) aims to promote sustainable forest management in the state with a larger goal of supporting rural livelihoods. Recognizing the crucial linkage between rural livelihood, particularly in forest fringe villages, and the forest resources in the context of the state, the project will specifically focus on the one hand on conservation and development of forests and their optimal and sustainable use, and on the other hand on creation of alternative livelihood opportunities based on local skill and other resources. The project is being implemented in selected villages in 14 Forest/wildlife Divisions: Rourkela, Bonai, Deogarh, Keonjhar, Angul, Phulbani, Balliguda, Paralakhemundi, Rayagada, Koraput, Jeypore, Satkosia WL, Balasore WL and Bhadrak WL through active community participation organized as Vana Samrakshana Samiti (VSS).

In order to ascertain the socio-economic impact of the project on the households of the project villages, it is imperative to collect baseline data through detailed household survey covering all households of the VSS members in the identified sample villages. The data thus collected and analyzed would help in understanding the socio-economic status of the households of typical forestland-fringe villages in the project area to evaluate their current social, economic, health & education status. This will act as the baseline data (benchmark) depicting the situation before the implementation of the project.

Under Phase-1 of the socio-economic baseline survey conducted during Year 2009 (covering sample villages from Batch-1 and Batch-2 of project villages) 207 project villages and 11 control villages were already covered and detailed database has been generated. Under Phase-2 study sample villages from list of Batch-3 project villages would be covered along with additional control villages.

B. Objectives:

1. To collect quantitative data of all selected sample villages.
2. To compile the data collected
3. To analyze the data and prepare detailed report

C. Scope of Work:

1. **Target village/hamlet selection:** The tentative list of 173 sample project villages for phase-2 study under household level socio-economic baseline survey is attached with this document. In addition, 9 more villages shall be identified from outside the project area as a control and shall also be surveyed. Refer Annexure-A for tentative list of villages to be surveyed.

Unit	Total Number of Forest + Wild life Divisions	Approx Villages to be surveyed
		Phase-2 study
Within Project Area	14	173
Outside Project Area (Control Villages)	-do-	9
Total	-	182

In case, in any of the identified villages it is not possible to conduct household survey, Survey Agency shall intimate this to PMU along with reasons therefore. If PMU agrees to this, then it will select another alternative village as a substitute from within the project area.

2. **Inception meeting** with the Project Management Unit (PMU), OFSDP before initiation of work.
3. **Detailed Questionnaire:** The copy of the questionnaire used in phase-1 study is attached with the TOR (**Refer Annexure-B**). Survey Agency should indicate/suggest any addition that is required, without disturbing the main structure of the questionnaire used in phase-1. The finalized questionnaire is to be approved by the PMU before initiation of survey activities.
4. **Translation:** The finalized questionnaire shall be appropriately translated into Oriya by Survey Agency.
5. **Field Plan:** Survey Agency will plan all fieldwork well in advance and inform fieldwork schedule to PMU, OFSDP along with details of teams and date of visits.
6. **Training:** Survey Agency will organize required minimum 2-3 days training program for survey supervisors, surveyors and computer operators for common understanding about questionnaire, objective and importance of each individual question in the questionnaire from projects perspective, method of interview, how to extract correct information during interaction with the interviewee, procedure of recording details with accuracy, to maintain consistency among all the surveyors. The Survey Agency must train extra field personnel to ensure that there is a sufficient number of field staff to conduct the survey fieldwork after accounting for attrition and the dismissal of personnel who are found not to meet the minimum requirements
7. **Field testing of the questionnaire and its finalization:** Before the commencement of full fledged work two sample villages (out of the identified villages to be surveyed in phase-2) will be selected for testing the questionnaire and survey methodology. The survey agency will submit a detailed report with analysis of the data collected from 2 sample villages. The learning will be incorporated within questionnaire/methods suitably, before initiating survey activity in remaining villages.
8. **Creation of Master list of Households:** Before the initiation of survey activity a master list of households shall be prepared by Survey Agency.

9. **Conduct of household survey:** With the finalized & approved questionnaire, a surveyor will interview a household head (or someone who is most knowledgeable of his/her household) individually using a local language. For quality data collection without leaving gaps, a surveyor should interview only 4-5 respondents a day. Data should be neatly entered in the questionnaire using pen duly legible and well written against respective individual question. The work will be executed by the Survey Agency (SA) with the involvement of local VSS members. On daily basis, once each surveyor has conducted interview of 4-5 households, all the surveyors covering one village should sit together along with the animator from respective VSS or village head (in case of control village) and all respondents to verify the details collected for on spot validation of the data provided by the respondents.

All duly filled questionnaires must be signed by the respondent, field investigator, and supervisor along with the date of interview.

10. **Spot and sample verification:** The data collected by the SA will be validated during the survey activities by the supervisor randomly for assessment of the quality of data collected. Data will be verified on sample basis by random selection of households along with a member of OFSDP.
11. **Development of Data Entry and customized query based utility/software module:** Data Entry and Analysis module need to be developed in advance for maintaining accuracy in the data at the time of data entry as well as customized queries for deriving various analysis from the input data.
12. **Marking of Unique ID and proper cataloguing:** A unique code (Refer Annexure-C) should be clearly marked on each individual hard copy filled in questionnaire. The unique ID code as appeared on the hard copy must have corresponding details in the digital database linked to the unique ID code.
13. **Entry and compilation of data collected, including data cleaning:** The data should be compiled in MS Access and data cleaning should be properly performed. Data editing will include individual data checks, range checks, structure checks and a selected set of checks for internal consistency. All errors need to be corrected before final delivery of database. The accuracy of data should be >99% with respect to total number of filled-in entries per hard copy questionnaire. After receipt of final data (both hard copies and digital data) PMU would randomly pick sample filled in hard copy questionnaires and would assess the quality of data entry (with respect to data inconsistencies, incompleteness, wrong spellings, information gap, data punching errors etc.) in the digital data based on the duly-filled in hard copy questionnaire.
14. **Data Analysis:** The compiled data shall be analyzed by using statistical methods (e.g. analysis of correlation coefficients among various parameters, range & division-wise average statistics, comparison with state & national level average statistics, etc.). Also for better understanding consolidated tables showing village level 'aggregates' and 'percentage' for all villages would depict 'variations' and 'range' among villages must be analysed and calculated for detailed comparison during impact assessment.

15. **Preparation of Analysis Reports:** The report should include the brief description of survey methodologies, processes and findings. It should also include the detail description of data analysis result. The analysis report should also include appropriate diagrams and charts to suffice the results.
16. Any other work that is necessary for the completion of household survey and data entry.
17. OFSDP shall have proprietary rights over all works done under the assignment and Survey Agency will not use any part of it, unless and to the extent specifically permitted by the PMU, OFSDP

D. General Role & Responsibilities of Survey Agency (SA):

In addition to the above mentioned scope of work the general role & responsibility of SA also include the followings:

- The involvement of SA will start from the time of signing the contract with PMU and continue till electronic data files are prepared and approved by PMU, and final reports have been finalized and accepted by PMU, OFSDP. SA should complete the survey work and submit the prescribed outputs within four months from the date of issue of work order.
- SA will make sure that investigators keep all the information collected from each and every respondent strictly confidential.
- SA is required to extend the necessary cooperation to the monitoring personnel from OFSDP and other collaborating agencies.
- The SA should have sufficient storage place in the office to securely store all the supplies and all filled in questionnaires.
- SA shall provide the progress of the work to PMU on fortnightly basis, and as and when required that will include the details about the work completed, work in progress, future plan etc. with respect to the scheduled work plan.
- OFSDP has engaged team from selected NGO's at FMU level, & animators (in batch one VSSs) to assist field level project implementation. SA shall request NGO Team members with a consent from the concerned DMU Chief , in familiarisation/introduction with villagers. SA shall request the Animator in the VSSs (engaged under the Project) to explain the usage of the work conducted by SA to the villagers
- Field surveyor/Supervisor form SA shall validate the quality of data during Focused Group Discussion (FGD) after completion of individual household interview in a village by reading out some of the recorded contents of individual households that they feel might be different than their general observation. During FGD if any such content is found to be different from the truth, members of SA should rectify the same there itself, in the presence of the respective Head of Household.

- SA shall make sure that the information provided by the individual Head of Household/representative interviewee is correct.

E. Output/Deliverables:

- All original filled questionnaires with the signatures/thumb impressions of the respondents, surveyors and supervisors. The Survey Agency will not retain any copies of the original questionnaires with it or with the staff engaged by them.
- Two hard copies of the compiled data along with a soft copy (MS-Access) in a tabular structure in Compact Disks (CD).
- Two hard copies of the detailed Analysis report along with a soft copy in a CD.

F. Timeframe (Contract Period):

The time schedule for the baseline household survey activities for 182 sample villages under Phase-II is given in figure-1 below:

Week	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17
Inception meeting		▼															
Plan of operation	==																
Finalization of questionnaire	=	=

Submission of final outputs																	▼

G. Qualification and Experience:

Considering the requirement of the type of household details required to be collected, the survey agency should provide the detailed Curriculum Vitae (CV) of the staff members (Household Survey Specialist and Survey Supervisor). Also details shall be provided about the qualification and experience of the surveyors and computer operator(s), who will be part of the survey & data compilation team. The pre-requisite of the qualification and experience of the survey staff is given below:

1. Household Survey Specialists

- Minimum Masters in Social Science/ Geography/ Sociology/ Anthropology/ Rural development, with sound knowledge about statistical methods for data analysis
- Minimum 5 years of past experience in the field of socio-economic survey and analysis, data collection procedures, preparation of questionnaire, preferably in the state of Orissa. Knowledge of Oriya language (desirable)

2. Survey Supervisors

- Minimum Bachelor Degree in Social Science/ Geography/ Sociology/ Anthropology/ Statistics with knowledge about statistical methods for data analysis related to household survey parameters and mechanisms.
- Minimum 3 years of past experience in the field of socio-economic survey and analysis, data collection procedures, managing a team of field surveyors, training to field surveyors, preferably in the state of Orissa.
- Good communication skills and knowledge of Oriya language is a must.

3. Surveyor

- Minimum Bachelor degree in Social Science/Geography/sociology/Anthropology /Forestry/Agriculture with knowledge about statistical methods for data analysis.
- Past experience in the field of household survey, data collection procedures, preferably in the state of Orissa.
- Good communication skills and knowledge of Oriya language is a must.

4. Computer Operator

- Bachelor in Computer Science/Diploma in computers with hands-on experience on statistical software.
- Past experience in handling voluminous data, data entry procedures, quality checks and statistical analysis.
- Good communication skills and knowledge of Oriya language is a must.

H. Pre Qualification condition:

1. Central/State Government Research Departments/Agencies, Autonomous Research Organisations, and other reputed organisations.
2. The Organisation must have executed minimum of two National/State Level Projects of similar nature in the recent past or are engaged in similar nature of work funded by Government Organisations.
3. The annual turnover of the organisation must be more than Rs. 50 Lacs in each of the last three years. In case of consortium, each organization should have annual turnover of Rs 25 lakhs in each of the last three financial years.

I. Procedure, terms and conditions:

1. In case of consortium, all the agencies in the consortium shall submit a copy of documents mentioned in section 'Enclosure' of 'Format for Technical Proposal' (Annexure-C) with the joint proposal.
2. The bidders should submit their Proposal in the formats enclosed. For 'Technical Proposal' refer Annexure-D and for 'Financial Proposal' refer Annexure-E. Any deviations in the format may make the proposal liable for rejection.
3. An authorized representative of the firm must put his/her initials on all pages of the proposal. The representative's authorization is confirmed by a written power of attorney accompanying the proposal.
4. A non-refundable Bank Draft of Rs 2000/- drawn in favour of Project Director OFSDP, payable at Bhubaneswar should be enclosed with the offer.
5. The duly filled in 'Original' of 'Format for Technical Proposal for Household Survey' (refer Annexure-D) along with its two 'Copies' and a 'Bank Draft', shall be placed in a sealed envelope-1 clearly marked as "**Technical Proposal for Household Survey**". Similarly the duly filled in 'Original' of 'Format for Financial Proposal for Household Survey' (refer Annexure-E) along with its two 'Copies', shall be placed in a sealed envelope-2 clearly marked as "**Financial Proposal for Household Survey**" and warning " Do not open, except in presence of evaluation Committee ". Both the envelopes, i.e., "**Technical Proposal for Household Survey**" and "**Financial Proposal for Household Survey**" shall be placed into an outer sealed envelope bearing the submission address and clearly marked "**Proposal for Household level Socio-Economic Baseline Survey (Phase-2) for OFSDP**".

The completed Proposal, as mentioned above must be delivered to but not later than 15:00 hrs of dated 07th May 2010.

Deputy Project Director, (MP/M&E)
Orissa Forestry Sector Development Project (OFSDP),
SFTRI Campus, at/PO Ghatikia, Bhubaneswar 751003

6. If there are any discrepancies between the original and the copies of the Proposal, the original copy will govern.
7. Proposals should be valid at least for a period of 90 days from the date of opening of bids.
8. Project Director, OFSDP reserves the right to accept or reject any or all proposals without assigning any reasons thereof and to add, modify or delete any of the terms and conditions without any notice. The decision of Project Director, OFSDP shall be final

9. Project Director, OFSDP reserves the right to modify the requirement at any time during the process of finalization of tender process.
10. The Applications received shall be scrutinised by an Evaluation committee constituted by the Project Director. Evaluation committee will evaluate all Applications and the short listed applicants may be invited for making a presentation at PMU. The financial proposals/bids of the finally short listed individual(s)/organisation(s) will be evaluated followed by negotiation, if required.
11. Receiving a proposal will mean that the bidder agrees to all terms and conditions prescribed for the assignment.

J. CHECKLIST

Envelopes	Documents	Furnished: Yes/No
Technical proposal (No financial details)	1. Details as per the Format for Technical Proposal	
	2. Detailed Methodology	
	3. CV's, recently signed by the proposed professional staff considered for this assignment	
	4. Profile of Organisations/Agencies/Firms Annual reports (Most recent)	
	5. Copy of last three year's audited statement	
	6. Copy of registration certificate	
	7. One "Original" and Two "Copies" of technical proposal	
	8. Envelope with Technical Proposal (Original & Copies) sealed properly and marked as " Technical Proposal for Household Survey "	
	9. Non refundable Bank Draft for Rs. 2000 /- drawn in favour of Project Director OFSDP , and payable at Bhubaneswar	
Financial proposal	1. Details as per the Format for Financial Proposal	
	2. Envelope with Financial Proposal sealed properly and marked as "Financial Proposal for Household Survey" and warning "Do not open with the technical proposal".	
Both sealed envelopes – "Technical Proposal" and "Financial Proposal" placed into an outer sealed envelope clearly marked " Proposal for Household level Socio-Economic Survey (Phase-2) for OFSDP " and "Do not open, except in presence of evaluation Committee"
